COOLING AND FREEZING

Ice cold space saver.

Cooling appliances and combined refrigerator-freezers by SEVERIN are an outstanding fit for any household because they provide an ideal storage space for everything from frozen food and your favourite ice cream to crunchy vegetables and vintage wines, with perfect cooling and refreshing, unique design.

Energy Efficiency Class A+, A++ and A+++
The proper temperature is not only maintained but the refrigerator consumes the least amount of electric power. Food is kept at the ideal temperature with a very low power consumption.

4-star freezer
These freezers are suitable for long-term storing of frozen food and for freezing, without defrosting the food that has already been frozen.

0-DEGREE-ZONE
Delicate food as fruit, vegetables, meat, fish or dairy products keep fresh for a longer time

Auto defrost
These fridges and freezers automatically defrost regularly.
